EC Publishing festival newspapers are full color, tabloid format newspapers, published quarterly. The newspapers provide lively, informative articles about festivals, fairs, tours, arts & crafts shows, rodeos, pow-wows, historical reenactments, antique fairs, museums, tourist events as well as places of interest and expositions and other things to do and see around the state. Other highlights included regular features — commentary on the festival/fair scene, an extensive and complete calendar of events for the upcoming four months, a Centerfold Map locator guide for important events and places, old weather sayings and state trivia. There are four editions covering five states — we publish Carolina Festivals (NC & SC) and Virginia Festivals. Editions for Tennessee and Kentucky are published by Parkway Publications, LLC and are also available.

Virginia Field Trips Guide - EC Publishing also publishes a guide for teachers in the state of Virginia (and DC) to use in selecting places to go for student field trips - Virginia Field Trips Guide - a tabloid format newspaper sent to all K-8th grade public and private schools in Virginia (and DC). VFTG is published twice each year, a Spring and Fall issue. More information may be found at www.virginiafieldtrips.com.
